CAREER OBJECTIVE

Motivated Computer Science Engineering student with strong problem-solving skills and a passion for software development. Actively preparing for software engineering roles through **DSA, Java, Spring Boot, and Full Stack Web Development**. Seeking internship and full-time opportunities to contribute to impactful, product-driven engineering teams.

INTERNSHIP

Linux System Administration Intern

- Practiced Linux system administration across user management, permissions and file systems.
- Worked hands-on with shell commands, process control and package management.
- Built practical fluency with Linux command-line operations in a multi-user environment.

PROJECTS

Login Authentication System *HTML • CSS • JavaScript*

- Designed a secure client-side login flow that validates credentials and restricts unauthorized access.
- Implemented input validation, session handling and clean, responsive UI patterns.

Virtual Whiteboard *HTML • CSS • JavaScript • Canvas API*

- Built an interactive whiteboard supporting free-hand drawing, erasing and color selection for collaborative learning.
- Engineered smooth canvas rendering and stroke handling for a responsive user experience.

EDUCATION

B.E. Computer Science & Engineering — V.V. College of Engineering, Tisayanvilai (2023 – 2027) **CGPA: 9.2**

Higher Secondary (12th) — Holy Redeemer's Hr. Sec. School **88%**

SSLC (10th) — St. Stella Mary's Girls Hr. Sec. School

CODING PROFILES

GeeksforGeeks — **359 problems solved** • Coding Score **635** • Institute Rank **1**

LeetCode — **62 problems solved** (40 Easy • 21 Medium • 1 Hard) • 50.3% acceptance

Total: 421+ coding problems solved across platforms

TECHNICAL SKILLS

Languages: C, Java, JavaScript, TypeScript (Basics), HTML5, CSS3

Backend & DB: Java, Spring Boot (learning), MySQL, DBMS

Core CS: Data Structures & Algorithms, OOP, Operating Systems, Computer Networks

Tools: Git, GitHub, VS Code, Eclipse, Linux, Command Line

Soft Skills: Problem Solving, Analytical Thinking, Communication, Teamwork, Adaptability, Quick Learning

CERTIFICATIONS

- **NPTEL** — Data Structures and Algorithm Design
- **IBM SkillsBuild** — Frontend Technologies

- **Simplilearn** — C Programming Basics

ACHIEVEMENTS

- Secured **2nd Place** in Semester Examination.
- Won **3rd Prize** in College Test Competition.
- Maintaining a strong **9.2 CGPA** across engineering coursework.
- Solved **421+ coding problems** across GeeksforGeeks and LeetCode.

CURRENTLY LEARNING • LANGUAGES

Learning: Java • Spring Boot • Advanced DSA • SQL • Backend Development • Placement Interview Preparation
